# The Great Annual Clearance of Ready-to-Wear

This year a great sacrifice sale involving large losses—which we are willing to Accept in an effort to clear our stocks speedily

Available alike to cash and charge customers. But each sale final—none on approval or C. O. D.

Our orders are to dispose of this stock without considering costs. We believe garments will be purchased in this sale at prices which will mark the low ebb of ready-to-wear values for years to come. Tomorrow business should almost equal the record breaking figures of the first day's selling.

Purchases made in this sale will be charged as of January, payable February 1st, 1921
